

INNOVATIVE SECTOR EXCHANGE (ISE)

We kindly invite Kent companies from the manufacturing industry to this 2-day cross-border event, with companies from Belgium, France and the Netherlands.

We offer you a varied programme with free access to **Prototyping 2018** and a **matchmaking session** with experts from the academic world and foreign partners.

Meet the experts

Academic experts in different fields.

The knowledge at the table during the 'meet the experts' is simply impressive.

We gathered 20 experts from KULeuven, UGent, Howest, Vives and other knowledge institutions. You can find their bios and fields of expertise on the website and arrange a meeting.

This 2-day programme is being organised through the EU funded ISE Project - run by Kent County Council & Kent Invicta Chamber of Commerce. It is FREE of charge and is subject to de minimis state aid regulations

The EU-funded ISE project helps Kent businesses with innovation & internationalisation and connects them to new contacts in France, Belgium & the Netherlands. ISE is part-financed by the Interreg 5A 2 Seas Programme through the European Regional Development Fund.

Please note that spaces for this 2 day ISE event are limited (we can accommodate a maximum of 5-7 Kent based companies) and SMEs will be notified by email if they have been selected in due course after registration.
