

# ISE Imagineers International Digital & Creative Cluster Meeting

LET US CONNECT AND EXPLORE !

**15**  
December  
**15.30 UK / 16.30 CET**

The ISE project partners are organising this virtual event for Digital & Creative companies from the ISE partner regions. The aim is to look back and share unique experiences on international collaboration & working side by side. Although the ISE project is ending, the international connection will not. A new chapter will be launched: IMAGINEERS INTERNATIONAL. The committee members will introduce this newly-launched cluster. We would love to get your input on desired activities and initiatives. Contribute, discuss, enjoy and network!

An international meet up is better in person, of course. Just for now let's meet online...

Please join us on Tuesday the 15th December 2020 for the interactive & inspirational **ONLINE ISE EVENT**. Together we will celebrate our legacy and look forward to future collaboration.

*THE FULL EVENT PROGRAMME WILL FOLLOW SOON!*

**You can register on**

## TARGET

Digital & Creative companies from the ISE partner regions (Kent, East & West Flanders, Hauts-de-France and the SW of the Netherlands)

This cross-border programme is free of charge for participating companies and is being organised through the EU-funded ISE Interreg Project.
